## Brushed Nickel Patio Heater Lighting Instructions

1. Connect the propane tank and open the valve.
2. While in the "off" position, press the control knob down **firmly** and turn counter-clockwise to slightly past the "ignite" position.
3. Listen for the clicking sound and look inside for a blue flame. If neither is apparent, repeat step 2.
4. When the blue flame is visible, turn the knob counter-clockwise, release slowly and turn the knob towards the temperature gauge.
5. Adjust heat the desired temperature.
